

SOMERSET ARCHAEOLOGICAL & NATURAL HISTORY SOCIETY

ARCHAEOLOGY COMMITTEE

You are cordially invited to participate in compiling priorities for an archaeological strategy for Somerset.

Meet at the **Museum of Somerset, Taunton Castle at 10am (coffee) for 10.30am for the morning of Saturday 13th July 2013**

ARCHAEOLOGICAL PRIORITIES FOR SOMERSET

Discussion will be led by members of the Committee. It is intended that the priorities will be informed by the South West Archaeology Research Framework see

<http://www1.somerset.gov.uk/archives/hes/swarf/publications.htm>

People may feel that there are pressing priorities for the county that are not adequately reflected in the strategy for the South West. This is an opportunity to put those views forward.

Comments and ideas are welcome. Please address to cjwebster@somerset.gov.uk and if possible address them in person to the meeting or write to David Baker c/o the SANHS office.

Everyone with an interest in the archaeology of Somerset and future directions are most welcome to contribute.
