On the Inquisitiones Post Mortem for Somerset from Henry VII to Charles I (1485-1649).

BY EDWARD ALEXANDER FRY.

HAVING already described (*Proceedings*, Vol. XLIV, p. 79), in the introduction to the Calendar of Somerset Inquisitiones Post Mortem from Henry III to Richard III, what these documents are, it is unnecessary to do so again here, so that the following remarks will be confined to stating that the Calendar now printed is a continuation of the first one, and comes down to the time when Inquisitiones were no longer taken ; that is to say, to the end of the reign of King Charles I.

For this period, Henry VII to Charles I, there are four series of Inquisitiones preserved at the Public Record Office, London, viz. :—

i. The *Chancery* Series from 1 Henry VII to 24 Charles I, indicated in this Calendar by a letter C.

ii. The *Miscellaneous Chancery* Series for the reigns of Elizabeth, James I, Charles I (and a few in Charles II), indicated by a letter M.

iii. The *Exchequer* Series, Henry VII to James I, indicated by a letter E.

iv. The *Court of Wards and Liveries* Series, 32 Hen. VIII to Charles I, indicated by a letter W.

Thus for the bulk of the period under consideration it is possible to find four Inquisitiones taken on the death of a person holding lands *in capite*, so that if in one series an inquisition is faded, or torn, or non-existent, we have the means of supplying the deficiencies from one or other of the remaining series.

The *Chancery* Series is, as before stated, a continuation of the Calendar already printed.

The *Miscellaneous Chancery* Series would appear to be a collection of Inquisitiones which have, from one cause or another, got out of place in the general Chancery series.

The *Exchequer* Series are contemporary and authentic transcripts of the Chancery documents, and were returned into the Court of the Exchequer to serve as a check on the fees and payments due to this Department. A Calendar of them was printed in the 10th Report of the Deputy Keeper of Records. They are there arranged under the names of the escheators (or persons appointed to take the Inquisitiones), but as the same escheator served for both Somerset and Dorset, it is scarcely possible from that Calendar to identify which documents refer to each county. It has been necessary, therefore, to go through the whole lot of documents and note those which relate to Somerset.

The *Wards and Liveries* Series. These commence 32 Hen. VIII (1540), when the Court of Wards and Liveries was established to superintend and regulate enquiries upon the death of any of the King's tenants *in capite*, who were minors, idiots, or lunatics. The Inquisitiones are identical with the

Chancery and the Exchequer Series. The functions of the Court were suspended during the Commonwealth, and it was finally abolished by statute of 12 Charles II.

By the help of the two Calendars now printed in the *Proceedings* of the Somersetshire Archæological Society, and which, together, cover a period of some 430 years, reference can be made in as many minutes as formerly it required days, to any Inquisition of Somerset landowners, and it will be, it is hoped, a means of stimulating research in the records of the past history and genealogy of the county.

If the Society would devote a small sum annually for the purpose of transcribing into English and printing the early Inquisitiones (as an Appendix to its *Proceedings*), it would be money well spent, and enhance the value and utility of the work done by the Society.

To those interested in Inquisitiones it may be useful to know that the Public Record Office has recently issued a thick volume of Abstracts of Inquisitiones Post Mortem for the whole Kingdom, commencing 1-10 Henry VII, under a chronological arrangement.
