

## Ancient Monuments in Somerset

*Scheduled under the Ancient Monuments Act, 1913*

WHEN the preservation of any Ancient Monument appears to the Commissioners of Works to be of national importance it is scheduled under the Act for that purpose, passed in 1913. The owner is informed of this, and he is warned that if he proposes to 'demolish or remove, in whole or in part, structurally alter, or make additions to' such monument, he must acquaint the Commissioners, and must not commence any work for a month after giving the notice. Non-compliance with these orders renders the owner liable to a fine not exceeding £100, or three months' imprisonment, or both.

Our members can assist in the preservation of the Ancient Monuments of the county by noting those that are scheduled in their immediate neighbourhood, and by informing the undersigned should they see that such monuments are being interfered with.

Suggestions as to other buildings, crosses, earthworks, stones, etc., that might be scheduled will be welcomed, but neither buildings inhabited as dwelling-houses, nor churches, can be placed upon the list.

Those marked \* are in the Guardianship of the Commissioners of H.M. Works and Public Buildings.

ETHELBERT HORNE

*Chief Correspondent with H.M. Office of Works*
