

VOLUNTEER DIARIES

We have an amazing team of enthusiastic volunteers with a great range of skills.

Historic England provided valuable training in Autumn 2018 in the areas of:

- Measured Survey
- Photography Training Day
- Analysing Historic Buildings

By popular demand this was followed up by a drawing workshop the next spring with local expertise on hand

Since then, surveyors have regularly attended two surveys per month in Dunster (apart from the busy summer months).

Measuring up

"I have been working with people who have considerable skills which include the ability to measure accurately, to draw up scaled plans, research into the background history of the people who have lived in the houses over the centuries, photograph carefully the relevant structures for the construction and interpretation of the plans. They are like-minded people and I enjoy their company very much.

I have learnt much about measuring and plan drawing through discussion. They are lively individuals with strong interests in medieval architecture and the social history of the houses."

Rosemary

Tea Break on a cold day!

Volunteers at the Castle Gatehouse

Our work in Dunster would not have been possible without the willing support of home owners who have supplied us with tea and coffee and goodies and allowed us to roam about in their houses, measuring up.

Our work in Dunster would not have been possible without the dedication and hard work of all the volunteer surveyors who have been a delight to work with.

Volunteer surveyors and researchers:

Maggie Dinning, Alison Bunning, Lizzie Bethune, Ruth Luckhurst, Jill Strobridge, Rosemary Boaz, Andy Blanks, Helen Brown, Lizzie Induni, Bruce Induni, Anthony Bruce, Kerry Kerr-Peterson, Anne Parham, Barbara Hoffbauer, Tony Harding, Meryl Dowling, Maggie Dinning, Isabel Richardson, Catherine Dove, Pam Paget Tomlinson, Barbara Wilcox, Vanessa Wolfman, Mary Ewing
