ANNUAL GENERAL MEETING 2003

The Annual General Meeting of the Society was held at Edington Village Hall on Saturday 17th May 2003. The meeting was attended by 58 members and apologies were received from a further 21.

The Chairman announced that the apologies of the President Elect, Professor Mick Aston, had to be added to the above. As many members already knew, he had been taken seriously ill a couple of months previously. He was much better but was not able to attend the AGM. He was looking forward to participating in Society events in the coming year.

Hilary Binding reported that the Future of the Castle Working Group had been pro-active and re-active. 2007 and the end of the lease of the Castle to Somerset County Council was coming upon us very quickly. The latest report from the consultants employed by SCC was expected at any time.

A particular concern was the involvement of young people of all ages – children and younger people in their twenties, for example. We need to find out why they are not coming to meetings, etc. Presentations had been made to Council and these were to be followed up. Council had also been considering the breadth of the Society's aims and interests.

Hilary Binding thanked Betty Cloke, Alex Findlater, and Tom Mayberry for their support during the year. She also recorded her thanks to Keith Jackson for his work in looking after the Society's finances. He was completing his term as Treasurer but was not able to attend the AGM.

The Report and Accounts for the year ended 31st December 2002 were presented by Alex Maxwell Findlater on Keith Jackson's behalf and adopted. The Society had made a deficit of £3,000, the reasons for which were various. Savings had been made in some areas, whereas expenditure had increased in others. There had been a small charge for *Proceedings* in the previous year and this year's accounts showed a more realistic charge. A new photocopier/printer had been purchased and as depreciation was calculated on the reducing balance method, the figure for depreciation was therefore very high this, the first year. This had been partially offset by the production in-house of one newsletter. In 2003 this should produce a break-even position.

An election was held to determine the four elected members on Council for the period 2003–2006, and a member to fill the vacancy for the two years to 2005. Barry Lane, Stephen Minnitt, Christopher Sidaway, Anita Sims were elected for 2003–2006, and Barbara Lowe for

the two years to 2005. There had been a tie for this vacancy and Tony Settington withdrew to save the necessity of a further vote. He was thanked for his past service on Council.

The Chairmen of the Archaeology, Historic Buildings, Library, Local History, Natural History and Publications Committees gave reports about their activities during the year. These had included the annual archaeological symposium in November, a walk exploring the WW2 anti-invasion defences near Donyatt, visits to seven houses and nine churches, a bid for lottery funding for the purchase of computer equipment to enable a photographic archive project, covering tens of thousands of Somerset's historic buildings, and the donation of a set of architectural books by Mr G Gillespie.

The County Museums Officer gave his report, which included information about maintenance work on the Castle, year 4 of the programme of documentation of the collections, work on two rare skeletons of the Plesiosaurs in the Society's collection, the large increase in visitors since November 2002 when the museum was able to open free, and thanks to the many Friends and volunteers. Sandy Buchanan paid tribute to Frank Hawtin, who set up the Schools Museum Service, one of the major educational achievements of the Society. Mr Hawtin had died in March, at the age of 90.

A report of the grants awarded from the Maltwood Fund this year had been distributed to all present. The Chairman drew attention to the varied spread of fields where grants have been awarded.

The following officers were elected: Chairman – Hilary Binding; Vice-Chairman – Tom Mayberry; Hon Secretary – Alexander Maxwell Findlater; Hon Treasurer – Trevor Bedford; Hon Editor – Peter Ellis; Hon Librarian – David Bromwich. Mr Roger Ford of Grove Lodge, Coat, near Martock was elected as Independent Examiner of the Society's Accounts.

Betty Cloke read the Somerset Record Society report by Dr Robert Dunning, who was unable to attend the meeting. Members received volumes 87 and 88 towards the end of last year, and volume 89 was in the press.

Mrs Pat Hill-Cottingham then gave an interesting and entertaining talk entitled 'Extraordinary, Exotic and Enchanting – a personal view of wildlife'. This was a miscellany, illustrated by slides, of anecdotes and information about plant and animal species from around the world which have fascinated Pat for a lifetime. She highlighted the importance of biodiversity and maintaining the gene pool in a changing world for both survival and aesthetic reasons.
