**SOMERSET ARCHAEOLOGICAL AND NATURAL HISTORY SOCIETY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020**

1 Accounting Policies

(a) Basis of preparation

The Financial Statements have been prepared under the historical cost convention, with the exception of investments which are included at market value. The Financial Statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities (SORP 2005) issued in May 2008 and applicable UK Accounting Standards and the Charities Act 2011.

(b) Incoming resources

All incoming resources are recognised once the charity has entitlement to the resources, it is certain that the resources will be received and the monetary value of incoming resources can be measured with sufficient reliability.

(c) Resources expended

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category.

Grants payable are payments made to third parties in the furtherance of the charitable objects of the charity. Provisions for grants are made when the intention to make the grant has been communicated to the recipient.

(d) Allocation of overhead and support costs

Overhead and support costs have been allocated between charitable activity and governance. Costs relating to Charitable Activities have been apportioned on the basis of an assessment of the proportion of work done in respect of Charitable Activities and Governance and is detailed in note 4.

(e) Governance costs

Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulation and good practice. These costs include costs related to Independent Examination and legal fees together with an apportionment of overhead and support costs.

(f) Fixed asset investments

Investments are stated at market value as at the balance sheet date. The Statement of Financial Activities includes the net gains and losses arising on revaluation and disposals throughout the year. Realised and unrealised gains are not separated. realised gains and losses on investments are calculated as the difference between the sales proceeds and the opening market value or purchase date if later. Unrealised gains and losses are calculated as the difference between the market value at the year end and opening market value or purchase date if later.

(g) Heritage assets

Heritage assets are accounted for in accordance with Financial Reporting Standard 30. These consist of (i) Museum exhibits and related fixtures and fittings on loan to Somerset County Council, (ii) The contents of the library together with related fixtures and fittings, (iii) Records and archives on loan to Somerset County Council, (iv) The Castle Estate. For all these assets no valuation is included as the costs involved in obtaining a valuation would be prohibitive when compared to the benefit to the users of the financial statements. The collections include many items that would be irreplaceable see pages 9 to 11 above.

(h) Funds

The charity has a number of Endowment funds which are detailed in note 15 to the accounts. The Trustees at their discretion may allocate any part of the total return to the general purposes or to restricted income funds. The Trustees invest the capital in perpetuity and is managed on a total returns basis.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by the donor or trust deed. Details are in note 15 to the accounts.

(i) Leases

The professional costs in relation to setting up new leases in excess of 5 years are capitalised and amortised, on a straight line basis, over the term of the lease.
